## FLYING CLOUD FARMS, Inc.

ACUSHNET STATION, NEW BEDFORD, MASS., U. S. A.

This price list contains a retail prepaid list and a wholesale not prepaid list. If you are interested in large lots, or a large order, we will be glad to quote you special prices. Prices in this list are good only until regular catalogue is out about January 15th.

Many people prefer to buy at least part of their bulbs in the fall and we believe it is a good practice to do so whether they are wanted for shipment as soon as cured or to be held until spring. Any orders that we receive in the fall for spring delivery are put up at the time received and stored in wire bottom trays until shipped so that the early orders do get the choice of the bulbs. Our cork insulated brick storage house and special curing room above have proven very successful.

This year we planted on a piece of ground which had not been tilled for many years and the analysis of the land (5.7 pH) was higher than any which we had previously used. The new soil and the grand growing season have given us one of the finest crops of bulbs we have ever harvested. Now, at harvest time, the plants are still green and are still growing to make bigger and better bulbs for you.

Past experience shows that the average prices show little change from fall to spring but often some sizes of certain varieties are sold out before the first of the year and have to be omitted from the January catalogue. One great advantage of buying in the fall is that you are assured of just what you want in both size and variety. Another reason for buying from us in the fall is in the actual saving in cash. In order to spread out the work so that each order may have our personal attention, and to get in some cash before the rush season, we are offering you what we think are really generous discounts. In comparing prices, remember that until January 15th our prices to you are from 1/5 to almost 1/3 less than our list, depending upon the size of the orders.

Should any other reputable grower advertise lower prices, we will be glad to meet those prices so long as stocks

are available for we do not intend to be knowingly undersold.

If any customer is interested in Jumbo bulbs, and is willing to pay the transportation, we will be glad to send them as long as available.

Descriptions of most of the varieties in this price list will be found in our last spring's catalogue which is now out of print. A few of the varieties have just been released and therefore, no descriptions will be found in last spring's catalogue but they will be in our list for spring 1941. Also many new American and foreign varieties will be offered in our spring catalogue.

This season our one and only display was at the New England Gladiolus Society Show in Boston. In this exhibit we featured: Black Opal, Buffette, Capeheart, Advance, Wampum, Takina, many unnamed seedlings, and our 1941 introduction—Bancroft Winsor—to be offered in our spring price list.

### TERMS:

No order accepted for less than \$1.00 which must be accompanied by cash in full, and no single item for less than ten cents. On orders of \$5.00 and up we will accept 25% (twenty-five per cent) with the order, balance before shipment. We will prepay all retail orders to any point in the United States or Canada. Where bulbs (not bulb-lets) are priced each, ten bulbs will be sold at eight times the single price; five bulbs or more at the ten rate. When there is a figure before the price of a variety, as 2—20, or 5—25, etc., it means two bulbs or bulblets for twenty cents or five bulbs or bulblets for twenty-five cents as the case may be. Large bulbs will be 1 1/4" up, medium will be 3/4" up and small will be 3/8" up; as long as available the larger bulbs of each grade will be used.

Please mark on the order whether you want bulbs shipped as soon as cured or held until spring. While we prefer not to ship until late in December, by which time all stocks are cleaned and alphabetically arranged in the store-house, we can ship as soon as cured if you have reason for wanting them earlier. We guarantee safe arrival at all times. If you are willing to pay for the transportation on your order, we will see that bulbs, much in excess

of the transportation cost, are included with your order. Should your order be part from the wholesale list and part from the prepaid list, we will ship it all collect and add enough extra bulbs to cover the transportation cost on the prepaid part of your order. If your order is a fair sized one we believe express, to most points, is cheaper and surely much safer.

These prices supercede all previous lists. Obvious errors in price are cancelled.

### SPECIAL FALL DISCOUNT

On orders from this list, except wholesale lots (see wholesale list for special offer) WITH FULL PAYMENT, received before January 15, you may take cash discounts as follows:

\$ 3.00 to \$ 5.00	take 20% off
5.00 to 25.00	take 25% off
25.00 up	take 30% off

This is A REAL DISCOUNT; ADD UP YOUR ORDER AND DEDUCT THE AMOUNT; it does not mean that you must add bulbs to the amount of the discount as is usually the case. We believe these large discounts are preferable to special discounts to be taken in bulbs or premium coupons offered for various sized orders.

### GRADED LOTS

The "Graded Lots" have been so popular that we will again offer them. While this list is in effect, we will put up fifty cent lots of any variety that does not exceed twenty-five cents for a single large bulb and one dollar lots of any variety not exceeding fifty cents for a large bulb. The customers that have had these lots the past few seasons know the value they received; to the others we will just say that they will be much in excess of the catalogue prices and contain a good assortment of sizes. If you wish part in bulbets please mention it as otherwise they will be made up entirely of bulbs.
